Blurb

I'm a 23 year old software engineer with a penchant for web applications. Technology excites me and I want to build things that delight others.

Education

B.A.(Mod.), Computer Science
Trinity College Dublin, 2017, First Class Honours.

Experience

Product Engineer **Apr 2018 - Present**
Intercom, Dublin. Design Systems - building reusable components and patterns to make my friends' jobs easier.

Software Engineer **May 2017 - Apr 2018**
PageFair, Dublin. Shipped code to billions of pageviews per month. Championed Elixir implementations of production components. Designed, built, and provisioned core ad-tech applications and services. Optimised existing infrastructure for cost savings and fault tolerance.

Software Engineering Consultant **Aug - Nov 2017**
Surve, Dublin. Built new generalised timeseries data reporting systems and consolidated existing reporting functionality.

Software Engineering Intern **May - Sep 2016**
PageFair, Dublin. Performed in house research and development and built internal ad-tech tools.

Software Engineer **May - Oct 2015**
Trinity College Dublin, Dublin. Developed the university's student identification mobile applications. <https://mydigitalid.tcd.ie>

Tools

Professional experience with: *nix, ES5+6, Node, Elixir, React & Redux, Ember, Rails, Docker, Redis, Jenkins(+blue ocean), AWS [vpc, cloudformation, r53, ec2(lc, asg, lb), ecs(+registry)]

Personal experience with: Phoenix, C, Python, Angular1, SCSS, Webpack, Electron, Ionic, Rust, Haskell, Digital Ocean, Heroku, Dokku

E.Curricular

Considerable involvement w/ the Dublin University Computer Science Society during my undergraduate - committee roles included developing the society's registration applications. Other open-source contributions and fun side projects live on my Github. I also frequent FP and JS meetups.

Interests

Svenska, Neovim([.files](#)), Functional Programming, Games(Video & Board), Pottery, Multirotors, Pan Sauce.
